PROFILE

Detail-oriented Software Engineering HND student and QA Intern with hands-on experience in manual testing, functional testing, regression testing, usability testing, and defect reporting. Experienced in testing websites, mobile applications, and Figma designs to identify functional and UI/UX issues. Familiar with test automation using Playwright and Selenium, with programming knowledge in Java, Python, and JavaScript. Passionate about improving software quality, identifying defects, and delivering reliable, user-friendly applications. Seeking opportunities to develop professionally as a QA Engineer.

SKILLS

Technical Skills

- **Manual Testing:** Test Case Design, Test Execution, Functional Testing, Regression Testing, Bug Reporting
- **Test Automation:** Playwright, Selenium
- **API Testing:** Postman
- **Databases:** MySQL, MongoDB, Firebase
- **Programming Languages:** Python, Java, Javascript
- **Development Tools:** Visual Studio Code, Cursor, Eclipse, Antigravity

Soft Skills

- Teamwork and Collaboration
- Problem-Solving and Critical Thinking
- Prompt Engineering
- Communication

Education

National Institute of Business Management (NIBM), Kandy

Higher National Diploma in Software Engineering
2025 – Present | Ongoing

Diploma in Software Engineering
2024 – 2025 | GPA: 3.64/4.00

Talawakelle Tamil Maha Vidyalayam

G.C.E. Advanced Level – Physical Science Stream
2021 | 3 S Passes

Ragala Tamil Maha Vidyalayam

G.C.E. Ordinary Level – 2018 | 2 A, 4 B, 2 C, 1 S

Certificates

- Software Quality Assurance – University of Moratuwa
 - Playwright – Udemy
 - Selenium – Udemy
 - Postman (API Testing) – Udemy
 - Python Development – University of Moratuwa
 - Web Development – University of Moratuwa
 - Frontend Development – University of Moratuwa
-

Experience

- **QA Intern – Ever Efficient Business Management (Pvt) Ltd (June 2026 – December 2026)**

Manually tested **50+ websites, 20+ mobile apps, 20+ systems, and 25+ Figma designs** to identify functional and UI/UX issues. Performed test case creation, functional testing, regression testing, bug reporting, and usability testing.

- **Member – NIBM IT Society (2024-2025)**

Organized the CyBots robotics exhibition and conducted a school outreach event with a robot football competition to promote robotics

- **Member - Aisec Nibm(2025-2026)**

Member of AIESEC NIBM since 2025; served in Product Strategy (Frontend Office) and contributed to Talent Management. Participated in team projects, events, and professional development activities

Projects

Web Application Test Automation – Playwright

- Developed automated test scripts using Playwright and JavaScript.
- Automated login, product selection, add-to-cart, and checkout workflows.
- Used assertions to validate expected application behavior.
- Implemented locators and asynchronous operations to interact with web elements.

Manual Testing – Web and Mobile Applications

- Created and executed test cases covering navigation, forms, functionality, and usability.
 - Documented defects with expected results, actual results, and supporting evidence.
 - Performed regression testing to verify defect fixes.
-
